PROFESSIONAL SUMMARY

A Computer Science graduate with strong analytical, research, and documentation skills, eager to contribute to team projects through data analysis, reporting, and collaboration. Seeking an opportunity to learn, deliver high-quality work, and grow professionally while supporting organizational goals.

SKILLS

Programming Languages:

- Advance MS Excel | Microsoft Word | Microsoft PowerPoint | Google Sheet
- Python | SQL | Power Bi | Data Collection | Data Analysis | Data Cleaning
- Data Validation | Report Preparation | Documentation

EXPERIENCE

- I have experience in **artificial intelligence from Edu-Net foundation** from Microsoft. [🔗](#)

EDUCATION

B. Tech in Computer Science & Engineering (6.99 CGPA)

Maharana Pratap Institute of Professional Studies, KANPUR

Duration: 09/2023 - 06/2026

Diploma in Computer Science (6.68 %)

Government Polytechnic Mwana Khurd, MEERUT

Duration: 07/2020 - 04/2023

High School (6.67 %)

Saraswati Vidya Mandir Senior Secondary School, DEORIA

Duration: 02/2019 - 03/2020

CERTIFICATION

- **IBM - Python for Data Science** [🔗](#) 05-May-2025
Completed hands-on training covering data analysis, NumPy, Pandas, Matplotlib, and machine learning concepts using Python.
- **IBM - Data Analysis using Python** [🔗](#) 11-May-2025
Gained practical experience in data cleaning, manipulation, and visualization using Python libraries like Pandas, NumPy, and Matplotlib.
- **IBM - SQL And Relational Database** [🔗](#) 07-May-2025
Learned to write SQL queries, manage relational databases, and perform data retrieval and manipulation using MySQL.

PROJECTS

Audio & Video Control Through Hand Gesture

(11/2022 - 02/2023)

- A project for hands-free media playback control.
- Uses **computer vision and AI-powered gesture recognition**
- Built with Python, **OpenCV**, and machine learning algorithms

STRENGTH

- Honest
- Team collaboration and leadership
